of
CRUMBACHER ESTATES OWNERS ASSOCIATION**

Article VIII
Provision of Temporary Water Service

Section A. Domestic water service may be extended to properties outside of Crumbacher Estates on a temporary basis if all of the following conditions are met:

1. Service must be provided from an existing service that is not otherwise being used within Crumbacher Estates or Pine Cone Estates.
2. The account must be in good standing.
3. Service will not result in any physical connection between any other public or private water system or appurtenant plumbing.

Section B. Temporary water service may be granted by the Board upon written request not to exceed six months in duration. However, the customer requesting temporary water service may re-apply for additional terms of temporary service, subject to all the requirements as provided in this Article.

Section C. Full payment of the domestic water base rate and use rate in effect at the time of request is required as with any other current service connection. Rates will not be prorated. Temporary service will be subject to a service interruption fee per the existing rate schedule of the Association, unless the Board approves an additional term of temporary service.

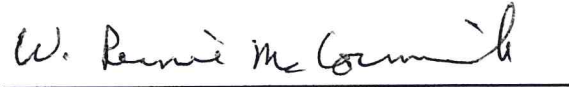

Section D. Use of water from the Crumbacher Estates water system is subject to all applicable covenants, by-laws, and polices of the Crumbacher Estates Homeowners Association. Provision of domestic water service does not convey membership in Crumbacher Estates Homeowners Association and does not convey any of the privileges or responsibilities as set forth in the governing documents of the Association.
